"Beamtree is pleased to report strong revenue performance with group reported revenue increasing by 91% to \$7.1m.

These results demonstrate evidence of the success of the Beamtree growth strategy."

Michael Hill

From the Chairman

Dear Shareholders.

In the first six months of this financial year, we have been privileged to continue our support for health services around the world as they tackle the relentless and evolving challenges thrown up by the COVID-19 pandemic.

For the opening half of FY22, Beamtree is pleased to report strong revenue performance with group reported revenue increasing by 91% to \$7.1m. Beamtree's total recurring revenue on a pro-forma basis exceeded 85% of total group revenue – testament to the customer loyalty our company and products inspire. Annual recurring revenue (ARR) has increased 160% year-on-year, with total ARR reaching \$16.8m.

These results demonstrate the success of Beamtree's growth strategy, with new contract wins in four countries and ground-breaking strategic partnerships to develop new applications in computer-assisted clinical record coding and remote monitoring of patient deterioration. The first half also saw the completion of two acquisitions – Potential(x) and Ainsoff – making Beamtree Australia's largest health data and Al decision support platform.

On behalf of the Beamtree board, I would like to thank our existing shareholders for their support – and extend a warm welcome to new investors. Finally, let me congratulate our staff in Australia and overseas for their hard work, passion and commitment.

Yours Sincerely,

Michael Hill

Chairman

"Beamtree's mission is to support organisations around the world improve health outcomes through automation, Al decision support and comparative data analytics."

Tim Kelsey

A message from the CEO

Dear Shareholders,

Beamtree's mission is to support organisations around the world improve health outcomes through automation, Al decision support and comparative data analytics. We now operate in 23 countries providing cutting-edge technology which is supporting patient safety, improving the efficiency of health service delivery, and optimising the experience for patients and the professionals who serve them.

COVID-19 has underscored the critical importance of data quality, automation of administrative process and intelligent decision support in improving the quality and equity of care delivery. We remain committed more than ever to assisting our clients maintain system resilience and supporting system recovery from the pandemic.

The first six months of this year saw the completion of two key acquisitions of Ainsoff and Potential(x), who have greatly increased our goal to be the preeminent health data and Al decision support platform. Significant integration work has been undertaken by the team to move us toward our vision of being 'One Beamtree'. I also thank our most valued service partner organisations, the Health Roundtable and the Ability Roundtable, for the privilege of supporting their vital work in empowering collaboration for service improvement and quality through comparative benchmarking and knowledge sharing.

Investment in product and technology, as well as workforce skills and scale, continue as we execute our growth strategy. Major feature releases of our core Beamtree products delivered performance improvements and service enhancements to our clients. New analytical, financial and wellbeing products were refined and released.

The first half also saw continued growth of Beamtree's strategic incubator program, in which leading health systems are implementing breakthrough applications of Al decision support technology to support the automation of clinical record coding, new analytic services – building on the market-leading expertise of Potential(x) – and new applications to support patient safety in hospitals.

Expanding our presence in the international market has been a key focus with the establishment of the first international Beamtree office in the United Kingdom. November 2021 marked the successful conclusion of a year-long national clinical coding quality improvement project in the Kingdom of Saudi Arabia.

I'd like to pay tribute to the talent and passion of the Beamtree team, and our partners, and thank our Board for their wisdom. I'd like to thank our shareholders for their support.

Yours Sincerely,

Tim Kelsey

CEO

Collaborative Partnerships

As part of the acquisition of Potential^(x), Beamtree now provides services to the following organisations.

- Established in 2013, Ability Roundtable is a not-for-profit benchmarking and knowledgesharing organisation in the disability sector.
- Continued service improvements have reduced the data turnaround time by two months and transitioned from PDFs to online analytics. This has resulted in a 30% YOY increase in revenue.

- Established in 1995, Health Roundtable is a not-for-profit benchmarking and knowledgesharing organisation.
- Members include 90% of large (300+ bed) hospitals across every state and territory in Australia, all of New Zealand and the Abu Dhabi Health Authority.
- Independent Board provides oversight & governance.
- Renewals for the Health Roundtable track in line with historical trends, currently sitting at 85% completion for the calendar year of 2022. Recent introduction of multi-year subscriptions for HRT has seen commitments for 2023 and 2024 subscriptions from approximately 20% of Members.

New Products & Enhancements

Growth in microbiology and pathology

RippleDown® Artificial Intelligence (AI) decision support expanded into microbiology and pathology services in several new countries with channel partners Philips and Abbott.

Improvements and enhancements

Major new releases for RippleDown®, PICQ® and RISQ™ have resulted in performance improvements and service enhancements.

Production of hacBI platform

Development and implementation of a new business intelligence platform for Hospital Acquired Complications (HAC's) in partnership with a large private provider.

Wellbeing product suite

The Wellbeing product is largely packaged and delivered through the Health Roundtable partnership, with the Royal Children's Hospital, Melbourne taking up the Beamtree version in late 2021.

International Collaborative

The Global Health Comparators Program empowers hospitals and hospital systems to look beyond their national boundaries to measure performance, explore variation and identify areas for improvement. It has incorporated hospitals from the Global Health Data@Work network from England, Italy, the USA and Belgium and is expected to grow quickly and organically. Initial discussions with hospitals from England, Wales, Italy and Belgium have been very positive.

Thought Leadership

In partnership with Health Roundtable, industry recognised thought leaders were convened to discuss health staff burnout and offer solutions. The result is a white paper titled Addressing Burnout. Bringing data-driven solutions, care and hope to the health workforce, released in December 2021.

Global Impact Committee

Chaired by Mark Britnell, this advisory board includes 15 international healthcare leaders from Australia, Canada, UK, Ireland, USA, Singapore, India, Italy and Sweden. Following the first meeting in October, the committee is working on it's first research paper. The paper will consider the major issues facing health systems around the world and put forward solutions that can make a real difference to the quality of care.

Notes to the financial statements 31 December 2021

Note 1. Significant accounting policies

These general purpose financial statements for the interim half-year reporting period ended 31 December 2021 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2021 and any public announcements made by the company during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The principal accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

The consolidated entity has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Note 2. Operating segments

The consolidated entity is organised into 2 operating segments: BMT and Potential(x). These operating segments are based on the internal reports that are reviewed and used by the Board of Directors (who are identified as the Chief Operating Decision Makers ('CODM')) in assessing performance and in determining the allocation of resources.

The BMT segment has range of SaaS products that provide solutions to assist healthcare providers in improving efficiency of their services and delivering higher quality care for patients.

Potential(x) provides the majority of public and private hospitals in Australia with comparative analytics that support delivery of quality care outcomes.

In the previous period, management determined that the consolidated entity had only one operating segment, being the BMT segment. No other separate operating segments with discrete financial information were identified. In the current period, the CODM reviews discrete financial information for both the BMT segment and the Potential(x) segment, due to the acquisition of Potential(x) in the current financial period.

Segment assets, liabilities and taxation balances are not allocated to operating segments as they are reviewed by the CODM on a group basis.

Goodwill relates to the acquisition of Pacific Knowledge Systems Pty Ltd in May 2019, the acquisition of Pavilion Health Australia Pty Ltd in May 2020 and the acquisition of Potential(x) Holdings Pty Ltd in September 2021. The identification and fair value measurement of the assets and liabilities acquired from the acquisition of Potential(x) Holdings Pty Ltd are provisional and amendments may be made to these figures up to 12 months following the date of acquisition if new information is obtained about the facts and circumstances that existed at the acquisition date and, if known, would have affected the measurement of the amounts recognised as of the date.

Included in software additions are \$1,146,250 related to assets acquired from Ainsoff Pty Ltd for its ready-for-market software application and Al index, of which \$796,250 was purchased via issuance of ordinary shares, refer to note 11.

Goodwill and brand name are subject to impairment testing on an annual basis or whenever there is an indication of impairment. Goodwill and brand name were subjected to impairment testing at 30 June 2021. Capitalised development costs, patents and trademarks, software and customer list are subject to impairment testing whenever there is an indication of impairment. A review of indicators of impairment relating to all intangible assets was performed at 31 December 2021. As a result of this review, no indicators of impairment were identified that would require a full impairment test to be performed as at 31 December 2021.

Deferred shares are issuable in connection with the business acquisition disclosed in note 15. These are deferred for 24 months from transaction date as security against any warranty and indemnity claims. If any claims are made against the company in connection with the business acquisition within the 24 month deferral period, the number of deferred shares will be adjusted accordingly. Each deferred share will convert (1:1) to ordinary shares in the company. Deferred shares hold no voting rights until they are converted into ordinary shares.

Deferred shares are fair valued at the end of each reporting period, with fair value movements recorded through the statement of profit or loss.

Deferred shares are a level 2 financial instrument and have been valued using quoted market rates. This valuation technique maximises the use of observable market data where it is available and relies as little as possible on entity specific estimates.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Beamtree Holdings Limited

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Beamtree Holdings Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2021, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

- (i) Giving a true and fair view of the Group's financial position as at 31 December 2021 and of its financial performance for the half-year ended on that date; and
- (ii) Complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the directors for the financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

BDO Audit Pty Ltd ABN 33 134 022 870 is a member of a national association of independent entities which are all members of BDO Australia Ltd ABN 77 050 110 275, an Australian company limited by guarantee. BDO Audit Pty Ltd and BDO Australia Ltd are members of BDO International Ltd, a UK company limited by guarantee, and form part of the international BDO network of independent member firms. Liability limited by a scheme approved under Professional Standards Legislation.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2021 and its financial performance for the half-year ended on that date and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
